# Mobile Home Repair & Remodeling Experts in Southern California

A Trusted, Licensed Contractor for Manufactured & Mobile Home Improvements

---

Community Mobile Home Services Inc. (CMHS) is a licensed California contractor (License #974108-C47) specializing in mobile home repair and manufactured home remodeling throughout Southern California. Based in Temecula, CA, the company has spent over 30 years helping mobile homeowners with everything from small repairs to complete home renovations, combining hands-on craftsmanship with honest, transparent service.

## Full-Service Mobile Home Repair & Remodeling

CMHS offers one company for every mobile home service need, eliminating the hassle of juggling multiple contractors for a single project. Core services include:

- **Heating, Cooling & Ducting:** Mobile home air conditioning repair, heating system installation, ducting, and swamp cooler service to keep manufactured homes comfortable year-round.
- **Plumbing & Systems:** Mobile home re-pipes, plumbing repairs, water heater installation, sewer line repair, and electrical work performed by an experienced mobile home plumbing contractor.
- **Exterior & Roofing:** Mobile home roofing, skirting, siding, rain gutters, awnings, replacement windows, and security & privacy screens to protect and update the exterior of a manufactured home.
- **Additions & Remodels:** Room additions, sheds, kitchen and bathroom remodeling, custom cabinets, countertops, flooring, and painting — full mobile home remodeling services from concept to finish.
- **Insulation & Moisture Protection:** Insulation upgrades and moisture barrier installation to improve energy efficiency and prevent long-term structural damage.
- **Accessibility Solutions:** ADA-compliant wheelchair ramps, lifts, and walk-in tub installation, helping seniors and homeowners with mobility needs age safely in place.

## Why Southern California Homeowners Choose CMHS

As a licensed and insured mobile home foundation repair and remodeling contractor, CMHS assigns the same technician to a project from start to finish rather than a rotating crew, and stands behind every job with a workmanship guarantee. The company's Christian values shape an approach built on honest advice, realistic timelines, and craftsmanship that lasts — the reason many clients call CMHS repeatedly for repairs, remodels, and renovations across their manufactured home communities.

## Service Area

Community Mobile Home Services Inc. serves mobile and manufactured homeowners throughout Southern California, including senior mobile home communities and manufactured home parks across the region.
